Product Warranty

We extend the following warranty to the original purchaser of window treatments, which are properly installed in the original window, with proof of purchase.

What is covered:

- Operating mechanisms (including cords and clutch) and other parts are covered for 5 years.
- Manufacturer defects and shipping damage (reported within 30 calendar days)
- All motors, controls and accessories are warranted for a period of 5 years from the date of purchase.

* Please be aware that submitting proper pictures and videos is a mandatory step for initiating and processing warranty claims, as evidence is essential for claim resolution.

What is not covered:

This warranty does not apply to conditions caused by normal wear and tear upon the product. This warranty is exclusive and in lieu of all other obligations, liabilities or warranties. In no event shall the Manufacturer be liable for incidental or consequential damages or for any other direct or indirect damage, loss, cost, expense or fee. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion or limitation may not apply to you.

- Variations in fabric, construction or color of natural products, and natural color changes to fabrics that take place over time.
- Product failure due to any of the following:
 - Improper installation, operation or cleaning
 - Normal wear and tear (Including fabrics)
 - Excessive exposure to heat, sunlight or moisture
 - Damage from children, pets or insects
 - Improper cleaning
 - Alteration of any kind
- Products that exceed size recommendations
- Batteries in remote.

Resolution of Warranty Issues:

- **Repair or Replace:** We will determine, at our discretion, whether the product will be repaired or replaced.
- **Product Discontinuation:** If a product replacement is needed for a discontinued product still under warranty, we will provide a substitute product that matches as closely as possible. In the event that there are multiple products in the same room, only the defective product will be repaired or replaced. Every effort will be made to match the original specifications.
- **After Warranty Expiration:**
 - After warranty expires, many products can still be repaired for a nominal charge.
 - In many cases, a repair kit with the necessary components and instructions to facilitate the repair can be sent to the customer. A nominal charge may apply.

Your Rights Under State Law:

This warranty gives you specific legal rights. You may also have other rights which may vary from State to State. In no event shall CWF be liable for incidental or consequential damages or for any other direct or indirect damage, loss, cost, expense or fee. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty is exclusive and in lieu of all other obligations, liabilities or warranties

• How to adjust the tension on Cordless 2D Dual Sheer Shade

ADJUST SHADE TENSION

Shade tension can be easily adjusted to improve the operation of cordless shades.

NOTE: This is a fine adjustment control. Following the instructions below, it may be required to rotate the screw 5+ full turns to make any tension changes.

UNABLE TO RAISE / BILLOWING / DRIFTING DOWNWARD

If the shade will not raise, billows when raising, or drifts downward instead of staying in a desired position, the tension needs to be increased.

Remove the end cap on the right side of the cassette to access the tensioning screw. Turn the screw to the **LEFT** (counter-clockwise) to increase tension for stronger pull/increased hold.

Tension Control: To **INCREASE** tension, turn **LEFT** (Counter-clockwise)

DRIFTING UPWARD / RAISING TOO QUICKLY

If the shade drifts up or continues to raise after being positioned, the tension needs to be decreased.

Turn the screw to the **RIGHT** (Clockwise) to decrease tension, lessening the strength of the spring.

Tension Control: To **DECREASE** tension, turn **RIGHT** (Clockwise)

- Wand Motor (Battery Re-chargeable)

• Wand control shades are operated by a rechargeable lithium-ion battery motor

• **Size Limitation:** Minimum shade width – 20" / Maximum shade width – 106"

Minimum shade Height – 18" / Maximum shade Height – 125"

(Each Fabric has a different size limit. Please refer to page 5 for size restriction information)
