LOOP CONTROL SLIM CLUTCH & HEADRAIL

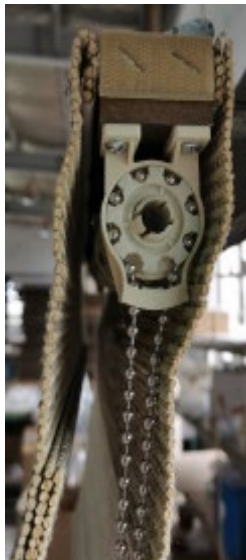

Slim clutch with 1.5" headrail to accommodate 70% of light weighted shades. Better fitting into inside mount window frame.

Note: Regular clutch remains with 2.5" headrail for heavier weight shades

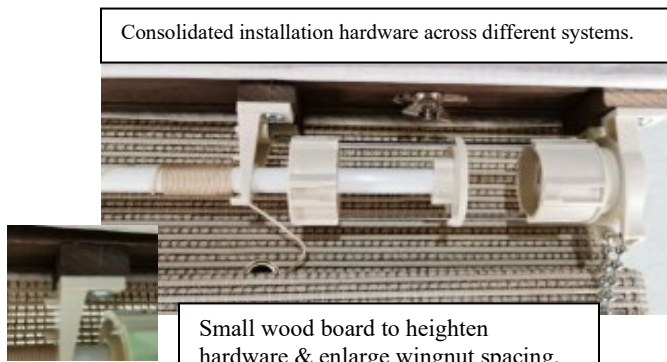

Utilize of L-Bracket to consolidate installation hardware.

A 19mm wood board inserted under headrail to enlarge gap above clutch for easier installation of wingnut.

Same installation method of regular L-bracket (long stem) for both 1.5" & 2.5" h/rail.

Slim clutch with 1.5" headrail for a narrower mounting installation.

Small wood board to heighten hardware & enlarge wingnut spacing.

Regular clutch in 2.5" headrail with wood board.
