THE PORTFOLIO COLLECTION™
DUAL SHEER SHADES

THE PORTFOLIO COLLECTION™

DUAL SHEER SHADES

The Portfolio Collection's Dual Sheer Shades include beautiful textures and trending colors in dual sheer shade materials. Find the perfect light solution for every kind of decor.

Dual Sheer Shades offer the ultimate in privacy and light control, with horizontal fabric bands that can be opened or closed to your preference. Align the fabric bands in the open position for light and view-through, or close the bands for privacy and shade. Fully raise the shade to allow full light and enjoy the view.

Shades are available in wide widths with fabrics up to 108" or 110" wide. Find the perfect band for your view-through preferences with band heights ranging from 3" – 4¾".

Shades come standard with clutch control. Choose cordless control or our unbeatable pro wand and remote control motorization options for cord-free lift. All dual sheer shades come standard with a 3" cassette that is available with a rounded or square profile. Add a fabric wrapped bottom bar for the perfect finishing touch.

Enjoy peace of mind with our Limited Lifetime Warranty, covering all aspects of workmanship and quality in your shades.

All room-darkening fabrics require a large bottom bar.

ABOUT DUAL SHEER SHADES

SHADE CARE AND CLEANING

Dual Sheer Shades are decorative in nature and are made using polyester materials. The fabrics in this collection should not be treated with harsh chemicals.

When dusting is required, use something gentle. We recommend a vacuum brush or lightly dusting by hand.

Light steaming may be used in the event of wrinkles. Please be sure to avoid contact with the fabric and hold the steamer at least 6" away.

If spot cleaning is required, use only water or a very mild detergent. Cleaning the shade in its entirety can cause it to shrink, leave water spots, or alter the color of the fabric.

PATTERN MATCHING AND SIDE BY SIDE SHADES

Fabric band matching is available for shades ordered in the same fabric and the same control type that are the **exact same length**.

When ordering, be sure to note that shades are side by side.

Please note, remakes for side by side shades can not be promised with all bands aligned, unless all side by side shades are ordered on the same remake. In the case of ordering mistakes for side by side shades, we can offer our standard 20% "Oops Discount" for all shades on the order that require pattern matching.

SHADE APPEARANCE

Because of their construction and fabric, Dual Sheer Shades may show waviness when not properly installed.

It is important to ensure shades will be installed to a level mounting surface or that shims are used to level the brackets. All provided brackets must be installed and evenly spaced.

This is especially important for shades wider than 95".

SHADE OPERATION

Open the fabric bands to allow light into the room.

Close the bands for privacy or to reduce glare.

Raise the shade to allow full light and enjoy the view.

Note: When the shade is fully lowered with bands open, the hem bar will sit above the window sill. Gap between the sill and hem bar will match the pattern's sheer band size.

with fabric bands closed

SHADE STYLES

CASSETTE OPTIONS

Dual Sheer Shades come standard with a rounded or square cassette.

Rounded cassettes will include a fabric insert. Square cassettes come standard unwrapped or can be fabric wrapped for a surcharge.

Available in 5 colors: white, beige, gray, bronze, and black.

Rounded Cassette
with fabric insert (standard)

Gray
cassette and cord colors

Bronze

Black

BOTTOM BAR OPTIONS

Bottom bar color will match the cassette.

Clutch and motorized shades come standard with an unwrapped rounded or square bottom bar, and can be fabric wrapped for a surcharge.

Cordless bottom bars have a rounded shape and come standard unwrapped. Cordless bottom bars can be fabric wrapped for a surcharge.

wrapped (surcharge for clutch and motorized)

Cordless Bottom Bar
wrapped (surcharge for cordless)

SHADE CONTROL OPTIONS

CLUTCH CONTROL SHADES

Standard control is clutch with plastic beaded chain in 5 colors: white, beige, gray, bronze, and black. Cords are color coordinated to match cassette color.

Cord loops come in standard sizes. The size closest to $\frac{3}{4}$ length of shade is standard. A different size may be selected for no additional charge.

Custom length metal bead chain is available as a surcharge option.

Compliant cord tensioners are provided with clutch control shades. Cord tensioners secure the cord loop to the wall or window. They must be installed for the shade to be compliant with safety regulations and to operate properly.

CORD LENGTH OPTIONS
19½"
29½"
39"
49"
59"
69"
79"
89"
98"

Clutch Shade

CORDLESS SHADES

Cordless shades can be set to an exact position by raising or lowering the bottom bar. All cordless shades will include a handle, which can be pulled when lowering the shade.

Fabrics noted with * on the Materials Table are not available to order with cordless control.

Cordless bottom bar can be fabric wrapped for a surcharge.

Lift Assist pole is available to help raise and lower cordless shades. Pole telescopes to 53".

Note: Cordless shades use a different bottom bar than available for clutch or motorized shades. See page 7 for details.

MOTORIZED SHADE CONTROL OPTIONS

PRO WAND SHADES

Pro Wand shades are powered by a rechargeable battery motor and are operated using a wand, which hangs to the side of the shade.

Pro Wand is a good alternative to cordless when the window or shade size makes it hard to raise or lower the shade.

Charging port for the motor battery is located on the bottom of the wand handle.

Wand is only available in White.

4 available wand lengths: 24", 36", 48", and 60".

⁽¹⁾Requires installation by an electrician.

⁽²⁾Battery tubes are included with shades free of charge. Battery Tube has a 5¼" attached lead wire. Requires eight Alkaline batteries (non-rechargeable), Energizer® Ultimate Lithium™ L91 Batteries, or Lithium batteries (rechargeable). Batteries are not included with battery tube.

⁽³⁾Battery Pack has a 5¼" lead wire. Requires recharging. Ships separately from shades.

⁽⁴⁾Plug-in Power Adapter has a 60" lead wire. Powers motor directly through a standard wall outlet.

⁽⁵⁾When paired with the Plug-In Power Adapter, the total cable length should not exceed 16½'.

External LI Battery Pack

Plug-In Power Adapter

PRO HUB

Connects through 2.4 GHz wifi or directly to router with ethernet cable.

Works with Connector+ App, Amazon Alexa, Control4, Google Home, IFTTT, RTI, Samsung Smart Things, and Siri Short Cuts.

DUAL SHEER SHADE WARRANTY

LIMITED LIFETIME WARRANTY

This product is warranted against defects in materials and workmanship, provided that:

1. The product was installed according to the product instructions.
2. Manufacturer recommendations were followed regarding limitations and specifications of the product.

Manufacturer reserves the right to determine if your shade warrants a repair or partial replacement of any parts. If necessary, Manufacturer will replace your shade with a new shade of equal or superior value. This shall be your sole remedy under this warranty.

This Limited Lifetime Warranty excludes all motors, controls, and accessories that are warranted for only a period of five years from the date of purchase. Failure to follow the proper installation, charging and use instructions will invalidate the warranty for motors, remotes, wands, and hubs.

This Limited Lifetime Warranty applies only to the original retail purchaser with proof of purchase in a residential application.

This Limited Lifetime Warranty does not cover the removal or installation of original or replacement shades. This Limited Lifetime Warranty does not cover damage or defects caused by, or resulting from improper maintenance, neglect or improper use, wear and tear, abuse, neglect, accidents, alteration, commercial use, installation, removal or reinstallation, or exposure to excessive moisture.

YOUR RIGHTS UNDER STATE LAW

These warranties give you specific legal rights. You may also have other rights which may vary from State to State. In no event shall Manufacturer be liable for incidental or consequential damages or for any other direct or indirect damage, loss, cost, expense or fee. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. These warranties are exclusive and in lieu of all other obligations, liabilities, disclaimers, or warranties.

⚠️ WARNING ⚠️ ADVERTENCIA

ANSIWCMMA100.1-2022

Window Blind Cord Strangulation Risk

Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products with inaccessible cords.

Riesgo de Estrangulamiento en Cuerdas de Persianas

Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retráctable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.
